Two Years Ago  
In 1865, Mr. Sumner offered in Congress a series of resolutions of which the following was one:

And be it further resolved, that a government founded on military power, or having its origin in military orders, cannot be a "republican form of government" according to the requirement of the Constitution; and that its recognition will be contrary, not only to the Constitution, but also to that essential principle of our government, which, in the language of Jefferson, establishes "the supremacy of the civil over the military authority." (11)

CHICAGO.—The had reputation of Chicago abroad was shown in a divorce case the other day. John Seeley removed from Newark, N. J. to Chicago, instructing his wife to follow. She has steadily refused to do so for over a year, and her husband then commenced an action against her for divorce on the ground of desertion. The wife, in her reply, avers that from what she could learn of Chicago, it was not a fit place to bring up a family of children, and a place in which her own life and reputation would be endangered.

It is but a few years since Japan and China were opened to the commerce of the world, yet the export trade of Yokohama, in Japan, which port has been open to foreigners barely seven years, already is one-third greater than that of San Francisco!

Time and Labor Saved.  
We have taken the agency of this justly celebrated machine. Housekeepers are particularly requested to call and examine it for themselves, whether desiring to purchase or not. By its use the washing of a large family can be done in one fourth of the ordinary time, and with comparatively little labor. It is perfectly simple, and not at all liable to get out of repair. A child is strong enough to work it, and it washes the clothes beautifully, and with not half the wear that are subjected to in the ordinary way. It will be loaned on trial for one day to parties desiring to purchase. The following are the manufacturers' prices, at which we hold them: For Washing Machine and Wringer complete, \$22; Washing Machine alone, \$15; Wringer alone, \$9.
